 TRIAC ST

## LEISTER TRIAC ST HEAT WELDER

60 years of expertise in making hot-air tools has gone into the development of the new Leister TRIAC ST. Like its predecessor the TRIAC S, the ST is built on reliability and versatility. It features a two component handle for ideal grip and tool balance, and weighs in at less than 1 kg. Leister has been the heat welder of choice for Weatherdek Dealers for over 35 years and we continue to depend on them day in and day out.

### **TRIAC ST:**

- Sturdy lightweight balanced design.
